Greetings Friends and Partners

I hope and pray this newsletter finds each of you blessed in the Lord and prospering in the things of the Lord. I praise God for His faithfulness and for all he has ever done, is doing and yet has in mind for His ministry. I continue to count it a privilege to know Him and make Him known.

The New Class Rooms

He's Got Us Covered

Jehovah Jireh provided for the walls to go up on the school in the village, but He didn't stop there. The roof is on! Please rejoice with me that the school building is now covered. No more thatched roof make shift classes for our precious village children, and when it rains, not even one drop is getting on them anymore. Thank You Jesus!

And He's not finished yet, floors, smoothed walls, windows and doors will be coming too in His time, because what He begins, He finishes. This is a generation that is being educated and raised up to know Jesus and through them, change will come to this nation.

Medical Mercy Missions

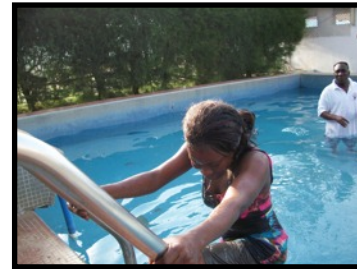

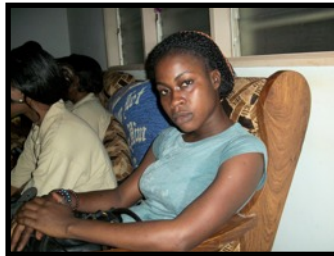

A Blessing For Haiti & Benin

I am very much looking forward to two upcoming medical missions of mercy that are planned for both countries of Benin and Haiti.

In June a medical team from [Bethel Deliverance International Church](#) (Philadelphia PA) will be coming to Benin to minister to people, some of which have never seen a doctor in their entire life, and not because they've never been sick.

In July a team from [Second Antioch Baptist Church](#) (Philadelphia PA) will be being a blessing to Haiti. Stay tuned for an update in the next newsletter.

I've Been Redeemed

Meet Pascaline Menthos who for me is a Beninois modern day Mary Magdalene. Like Mary she's had her fair share of men and battles with the enemy. About five months ago she gave her life to the Lord and has been faithfully attending Bible Study, growing in the Lord and was recently baptized.

Mary is showing a deep love for her Lord and for the things that touch His heart. Out of about 20 possible recruits to teach in our schools next year, she alone offered to go to the village school, while all other applicants are competing over positions available in the more comfortable and lucrative Calavi school. Please pray for her continued growth in the Lord. *Amen*
