

# The Harvest Fields

Summer 2018

**Greetings:** Happy summer to all of our friends and supporters! I know many of us were complaining up until the beginning of June when I left for Haiti because it seemed like summer would never come and winter wouldn't let go. Well, it's here now, and it was always there in Haiti.

**His Heart-Missions Trip** - This newsletter is being dedicated to a group of young people who with the encouragement of their pastors ventured out to encounter God in a new way & experience His Heart-Missions for 8 days in Haiti. They taught various clubs with the youth in Haiti that included Basketball, Dance, Drums, and Bible Club. They also did street services, an outdoor Crusade and went witnessing through which three decisions for Christ were made.

Here's what they thought, learned & had to say:

*Khalil Lyles on Drum*

*Khalil Lyles -PA (age -13):* I liked the food and the mission to help people. I also loved the time we went swimming just for all the hard work we did. (Left)

*Nakiyah Johns - PA (age - 15):* Overall, this trip was very fun, & I had a great time teaching the girls how to dance. I liked everything I saw & ate. I would really like to come back again. (Right)

*Adia Green- IL (age 20):* This trip was not what I expected at all. The living situation was better than I anticipated & the food. God has shown me a lot about myself & allowed me to see that it's easy to let things distract you while deciding to do God's work, but just as easy to ask God to guard you and get you back on track. (Right)

*Alia Winston IL (age 18):* I liked the experience because of the hospitality & genuineness of the staff. I really felt comfortable to live, laugh & learn in a Godly environment. I would recommend to others. (Left)

*Melissa Harrow NJ (age 22):* My expectation coming on this mission trip was very different from my actual experience. It was fun, even while praising the Lord. This trip is exactly what I needed & I will miss this place that I called home for 8 days. (Above)

*Leanna Lyles PA (age 16):* I experienced a high time with God personally. I discovered & adventured new things about this country. (Above)

*Lymus Rawls Jr. PA (age 14):* This is my second time to Haiti. I liked this trip & I had fun. I learned more Creole which I'm happy about & I like CCWM. (Right)
